Purpose

The purpose of this policy is to ensure that OUR INSTITUTE monitors international students to ensure that they can complete their course within the duration specified on their Confirmation of Enrolment (CoE) and that timely intervention strategies are implemented for students who are at risk of failing to meet course progress or attendance requirements.

The intention of this policy is to provide all students with the best opportunity to meet their study goals and aspirations and to ensure that students do not breach their visa requirements.

This ensures compliance with Standard 6, 8 9, 10 of the National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2018.

Study period is defined as one 5 weeks cycle of the course in which the student is enrolled.

Course Progress Assessing and Recording Student course progress is assessed at the end of every 5 week cycle via a summative level check test set by the English course coordinator as to meet the level requirements of the Common European Framework of Reference (CEFR). Testing is conducted every 5 weeks. The test is based on course content and is divided into five sections – speaking, listening, reading, writing and grammar/vocabulary.

Test themselves and results are collected by the English course coordinator and recorded electronically on the student progress files for continuous monitoring. Teachers will discuss these results with students and offer them encouragement and advice.

a) **Satisfactory Course Progress** is where students meet below requirements and do not fall into the categories identified as unsatisfactory course progress listed further below.

- Has an attendance pattern that is considered satisfactory of achieving satisfactory course progress.
- Does participate in the course as per the course schedule and attendance requirements.
- Having achieved a score of 50% on a week 5 summative level check, thus reported by class teacher on a cycle basis to the English course coordinator in addition to their weekly feedbacks.

b) **Unsatisfactory Course Progress** is where a student is:

- Is identified by a trainer/teacher as requiring intervention.
- Has an attendance pattern that is considered to be placing the student at risk of not achieving satisfactory course progress.

- Where a student has demonstrated unsatisfactory course progress in two consecutive study periods (*1 study period relates to 5 weeks cycle*)
- Having not achieved a score of 50% on a week 5 summative level check, thus reported by class teacher on a cycle basis to the English course coordinator in addition to their weekly feedbacks.

Satisfactory attendance is defined as where a student attends at least 80% of the scheduled course contact hours. In some instances, a student may not be reported if their attendance falls below 80%. This is where the student's attendance is at least 70% and provides genuine evidence demonstrating that compassionate or compelling circumstances apply as per Standard 8 of the National Code 2018.

Unsatisfactory attendance is where the student does not or cannot meet attendance requirements as specified above.

Where requirements are not met, OUR INSTITUTE course progress and attendance monitoring procedures will be followed.
- Extensions to a Confirmation of Enrolment are only allowed in the case of compassionate or compelling circumstances or where a student is complying with an intervention strategy implemented for students identified at risk of not making satisfactory progress or meeting attendance requirements or an approved deferral or suspension of studies has been granted in accordance with OUR INSTITUTE's Deferral, Suspension and Cancellation Policy and Procedure.

Students who do not meet course progress or attendance requirements are at risk of not achieving their required level.

- When the student can only account for the variation/s by extending his or her expected duration of study, this will be reported to the DET via PRISMS.
- All variations in the student’s enrolment load, including the reasons for the variation will be recorded on the student’s file.
